2014: Crystal (cl)Year
October 16-17, 2014
Molecular Biotechnology Center (MBC), Turin, Italy
www.nettab.org/2014/CCY/

First Announcement

2014 Crystal (cl)Year is a conference focussing on the frontiers of crystallographic research, to celebrate the International Year of Crystallography. It will bring together some of the most important scientists in the world, including two Nobel Laureates (John Walker and Ada Yonath).

The conference is mostly aimed at young researchers (PhD students and postdoctoral fellows) by offering them the opportunity to give oral contributions, together with the more senior scientists. There will also be a poster session, with prizes for the best posters. We expect 200-250 participants, from all over the world.

The event is organized under the auspices of the Cancer Comprehensive Center and University Hospital San Martino-IST National Institute for Cancer Research, the Molecular Biotechnology Center (MBC) and the University of Torino, the Italian Association of Crystallography (AIC), the European Crystallographic Association (ECA) and the International Union of Crystallography (IUCr). Further information available on the website

Keynote Speakers

Eddy Arnold
Rutgers University, USA

David Blake
NASA-AMES, USA

Roger K. Sunahara
University of Michigan, USA

Paul Steinhardt
Princeton University, USA

John Walker
MRC Cambridge, UK
Nobel Laureate 1997

Ada Yonath
Weizmann Institute, IL
Nobel Laureate 2009

Travel Grants or Free Registrations will be available for Young Scientists

Early registration deadline Jul 15th, 2014

Registration Fees

Within the Early registration deadline:
Undergraduated and PhD Students: 150.00 €
Academic and no profit: 250.00 €
Industry: 400.00 €

After the Early registration deadline:
Undergraduated and PhD Students: 200.00 €
Academic and no profit: 300.00 €
Industry: 500.00 €

On site (after October 5, 2014):
Undergraduated and PhD Students: 250.00 €
Academic and no profit: 350.00 €
Industry: 700.00 €

All fees include: attendance to scientific sessions, coffee and lunch breaks, abstract book.
