

5th European Crystallographic School

Stellenbosch, South Africa

8–14 July 2018

We are pleased to invite you to attend the 5th European Crystallographic School to be held in Stellenbosch, South Africa, 8-14 July 2018 under the auspices of the European Crystallographic Association, the International Union of Crystallography and the South African Crystallographic Society. The aim of the school is to give attendees a fundamental understanding of the principles underpinning crystallography through a combination of lectures and hands-on tutorials. We will begin by covering the basic principles of point groups, space groups, crystallisation, data collection, and structure refinement from a theoretical perspective. Thereafter, attendees will separate into two groups to apply this knowledge to either biological crystallography or materials science.

Presenters

Niki Báthori
Dave Billing
Andrew Bond
Susan Bourne
Sylvia Fanucchi
Ilia Guzei
Delia Haynes
Serah Kimani

Luigi Nassimbeni
Clifford Ntui
André Roodt
Yasien Sayed
Wolf-Dieter Schubert
Vincent Smith
Frank von Delft
Jeremy Woodward

Deadline for bursary applications 28 February 2018

Chair: Catharine Esterhuysen (ce@sun.ac.za)
Secretary: Marike du Plessis (mdp@sun.ac.za)
